6. **Report from Advanced Standing and Degrees** – Mike Kirn  
   a. Advanced Standing and Degrees **recommended** that the list of candidates for Fall term graduation be accepted subject to completion of all requirements. Dara Wegman-Geedey **seconded** the motion. It was **approved**.

   b. Advanced Standing and Degrees **recommended** that the Standards for Academic Honors for the 1999-2000 academic year remain 3.75 for *magna cum laude* and 3.90 for *summa cum laude*. Beth Campbell seconded the motion. During the discussion of the motion, Mike Kirn reported that for the 1998-1999 academic year, 32.2% of the graduating class graduated with honors, compared to 14.6% in 1971. The discussion then addressed the concern of grade inflation. Mike Kirn reminded the Senate that Advanced Standing and Degrees had previously investigated the high percentage of honors and reported its findings to the Senate, although no action was taken. It was also pointed out that our percentage of graduates graduating with honors is comparable to our peer institutions, and lower than some elite institutions. The motion to accept the Standards was **approved**.

7. **Interim Report on Art Building** – Barbara Doyle-Wilch  
   a. Barbara Doyle-Wilch reviewed the timeline of the construction of the new Art Building as well as the subsequent air quality complaints and studies addressing those complaints.

   b. Although no irritants were found to be above threshold levels as determined by chemical analyses of air samples, significant complaints about the air quality persisted. In an attempt to determine the cause(s) of these complaints, another study was initiated. As of August 1999, the latest study recommended that the building be separated into discrete zones for air handling. These revisions would cost $550,000. The cost of the initial construction was $750,000. There was considerable discussion about possible solutions. It was noted that although absolute safety for persons of different sensitivities is an impossibility, the College would in no way endanger the personal safety of students or staff.

8. **Other Business**  
   There was no other business.
