## Questions for Further Research

If we had more time we would like to research Lewis Sundquist's descendants more. We were able to find when his children were all born, but we do not know very much about his children other than where and when they were born. We do not know when his children passed away. We also do not know if any of his children got married or when they died, except for Lewis's son Laurence, who married Smilax and had two children. It would be nice to know more about his other descendants.

It would be nice to learn more about his time as a pastor for thirty three years. We know he moved all over the country, during his time as a pastor, but we do not know what he loved to preach about, what the members of his church thought about his his preaching, or how he was seen in the eyes of the members of his community.

It would be nice to learn more about his time at Augustana College. We learned that he was a member of The Phrenokosmian Society, and he also joined The Handel Oratorio Society. But we do not know what he did in his free time, who he he associated with while at Augustana, or all the classes he took during his time at Augustana. We do know of a few classes he took, such as and English and Swedish class, but he must have taken more than those.

It would be great to look into why Lewis chose to move to Nebraska. Why did he pick Nebraska when he could have picked anywhere in the United States to migrate to? Also how did he find out about Augustana College from Nebraska? We would also like to look into how he picked to change his name to Lewis Sundquist from Lars Johnanson. We believe he changed his name to make it more "Americanized", but where did Sundquist come from? We never found any record of a name even similar to Sundquist in his family history.

It would be nice to be able to go back to the Swenson Swedish Immigration Center and find out more about Lewis' ancestors. We were able to find out a good amount about Lewis's father's side, but we do not know much about his mother's side of the family. If we had more time, it would be good to go back and research his mother's side of the family tree more.

We have created a record for Lewis J. Sundquist in the Family Tree on *FamilySearch*. The record locator is G9L6-G4B.
